

# Bridal Beauty Checklist

## 6-12 Months Before the Wedding

- It's never too early to contact our Bridal Coordinators to schedule your Bridal services and events. Encourage your Bridal Party to schedule their appointments.
- Come in for a complimentary skincare consultation and begin a series of microdermabrasion or light therapy treatments to perfect your complexion.

## 3 Months Before the Wedding

- Begin skincare treatment and a hair removal program with your Esthetician
- Begin a manicure/nail treatment regimen to ensure the strength of your nails

## 1 Month Before Wedding

- Schedule a personalized Brow Design and begin using Revitalash for lush lashes.
- Receive a practice makeup application. (You might also schedule your bridal photos that same day.)

## 3-5 Days Before the Wedding

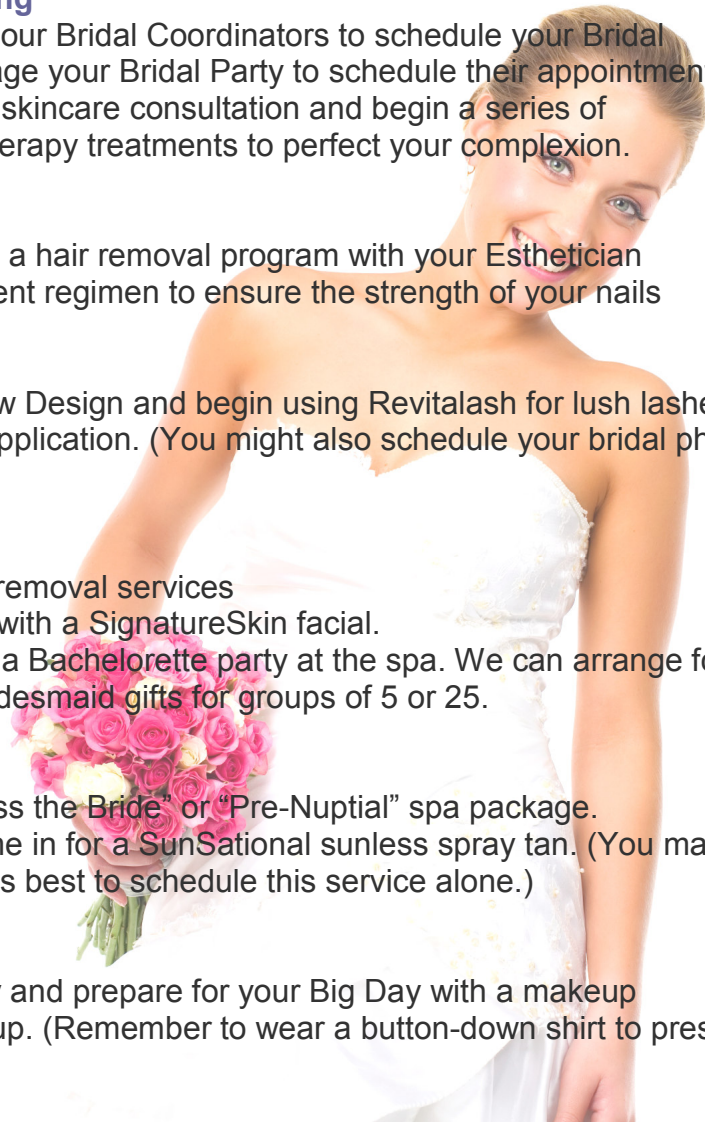

- Receive facial and body hair removal services
- Freshen up your complexion with a SignatureSkin facial.
- For a memorable event, host a Bachelorette party at the spa. We can arrange for catering, limo service and Bridesmaid gifts for groups of 5 or 25.

## 1-2 Days Before the Wedding

- Pamper yourself with our "Bliss the Bride" or "Pre-Nuptial" spa package.
- Need a little extra color? Come in for a SunSational sunless spray tan. (You may bring in an old bathing suit. It's best to schedule this service alone.)

## On your Wedding Day

- Unwind with your Bridal Party and prepare for your Big Day with a makeup application and polish touch-up. (Remember to wear a button-down shirt to preserve your finished look.)
